

**REMARKS**

This amendment responds to the restriction requirement in the recent Office Action. Applicant elects Group I, which includes claims 2-8, and 12. Also, as explained in a telephone conference with the examiner, held on June 23, 2009, applicant respectfully asserts that amended claim 13 should be in this Group I set of claims. More specifically, amended claim 13 expressly recites the control device (28) and some operational details of that control device (28). As amended, claim 13 is no longer directed to a different "special technical feature" compared to claim 12, as characterized in the Office Action.

Applicant thanks the examiner for his courtesy in listening to this explanation and considering this proposal. Applicant withdraws claims 9-10, and 14, and claims 1 and 11 are cancelled.

Applicant does not believe that any fees are due in connection with this submission. However, if any additional fees are necessary to complete this communication, the Commissioner may consider this to be a request for such and charge any necessary fees to Deposit Account No. 23-3000.

Respectfully submitted,  
WOOD, HERRON & EVANS, L.L.P.
